

OMX Stockholm 30 ESG Responsible Index

OMX Stockholm 30 ESG Responsible Index (OMXS30ESG) is an ESG responsible version of the OMX Stockholm 30 Index, which is Nasdaq Stockholm's leading share index. The OMXS30ESG Index is based on the OMXS30 Index, which consists of the 30 most traded securities on Nasdaq Stockholm, followed by a systematic rules-based ESG screening where non-compliant securities are being excluded. The index has excellent liquidity, which results in an index that is highly suitable as underlying for derivatives products. In addition OMXS30ESG is also constructed to be used for structured products, e.g. warrants, index bonds, exchange traded funds and other non-standardized derivatives products. The composition of the OMXS30ESG index is revised twice a year in start of July and January. More information about the Index can be found at <https://indexes.nasdaq.com/Index/Overview/OMXS30ESG>
